

## OUR BIG KITCHEN'S CORPORATE PROGRAMS

Many organisations are increasing their **CSR** (Corporate Social Responsibility), this is an approach to sustainable development and delivers economic, social and environmental benefits for all stakeholders.

Our Big Kitchen offers corporates a very practical and tangible way for your organisation to be involved in giving back to those in need. We create a spirit of giving and selflessness that empowers change in a powerful and positive way. Through cooking and packaging meals, you will take part in a meaningful team experience. Hear inspiring stories from those benefiting from the meals you have made and bring your team together.

### OBK'S CORPORATE PROGRAMS EMPOWERS INDIVIDUALS TO:

- Connect and interact with team members in a meaningful way
- Make a tangible difference by giving back to the community together
- Engage in a wider community and connect to people from all different backgrounds
- Spend quality time with colleagues by being kind to other people.
- Understand others and grow compassion
- Learn new skills and have fun.
- Demonstrates your organisations commitment to social responsibility in a practical way.

### HOW CORPORATE PROGRAMS SUPPORT OBK:

By cooking with large numbers of volunteers, or even smaller groups we are able to make more meals and support people in need. Last year OBK made over 80 000 meals which got distributed to disadvantaged Australians. Without organisations coming in and volunteering their time this number of meals would not have been achieved.

Our belief is through giving we empower and connect people. We hope to build a larger community of givers and by more organisations participating we hope to spread this giving belief.

Running a large commercial kitchen and a charity does have costs. By having these corporate programs, it contributes to OBK's running costs. These programs are how we hope to stay sustainable as a charity and continue to grow.

## PROGRAM: HALF DAY

**Duration:** 2.5-3hrs long

**The program includes:**

- Talk about OBK, team bonding, the people OBK supports, and relevant stories
